DATE ACCEPTED: FEBRUARY 1, 2011

PROJECT NAME: GREGORY CANYON LANDFILL

PROJECT LOCATION: 9708 Pala Road
Pala, CA 92059

FACILITY CONTACT: Gregory Canyon Limited (760) 471-2365

APPLICANT: Gregory Canyon Limited

LEA CONTACT: Jim Henderson
(858) 694-3607

Please be advised that on March 26, 2011, pursuant to the Public Resources Code 44008(a), the applicant Gregory Canyon Ltd. (GCL) waived the statutory timeline for the County of San Diego Department of Environmental Health Solid Waste Local Enforcement Agency (LEA) to make a decision to issue or not issue a new Solid Waste Facility Permit (SWFP) for the Gregory Canyon Landfill. The extended deadline for this decision is now May 13, 2011. If the SWFP package is submitted to CalRecycle, CalRecycle would then have 60 days to review and decide whether to concur or object to the proposed SWFP. The LEA is certified by the Department of Resources Recycling and Recovery (CalRecycle) formerly the California Integrated Waste Management Board (CIWMB) to enforce state laws and regulations at solid waste sites within the County of San Diego, excluding the City of San Diego.

Description of the Project and the LEA's Determination

The proposed 1,770 acre Gregory Canyon landfill site is located in northern San Diego County (http://www.sdcountry.ca.gov/deh/waste/pdf/chd/gc/GCL_2_maps_page.pdf) on State Route (SR 76), approximately three miles east of Interstate 15 (I-15) and two miles southwest of the community of Pala. The site is adjacent to the San Luis Rey River and lies along the western slope of Gregory Mountain.

On August 5, 2010 the LEA accepted an incomplete permit application package in accordance with 27 CCR 21580. The applicant had until February 1, 2011 to conform the application to the requirements in Title 27, California Code of Regulation §21570.

On February 1, 2011 the LEA determined that the application package was complete and correct. A public informational meeting was held February 23, 2011 in the Community Room at the Fallbrook Public Library.

Where a copy of the permit application can be reviewed
